The reason for my objection is that I do not know what this is all about. I received this letter from charter directly that stated my information would be disclosed if I did not object this directly to the court by February 13, 2013 and send a confirmation to them before the deadline. I

have not downloaded the movie that I am being accused of. When this movie was “allegedly downloaded” I was living with two roommates and we each had girlfriends. That is a total of six people that could have accessed the internet that was not password encrypted. The house was not in my name; however, the cable/internet was and I have taken action to prevent this from happening again.

Thank You.
